

Actis Mobile Whiteboard Stand

A | **Mobile Stand**

Mobile Whiteboard Stand can be easily moved from room-to-room on casters without disassembly

B | **Improved Accessibility**

Quick height adjustment with low noise level allows board adjustments without disrupting presentation flow

C | **Integrated Ultra Short Throw Projector Mount**

Allows you to mount a projector that eliminates shadowing and glare and maintains projector-board calibration when adjusting height and / or location

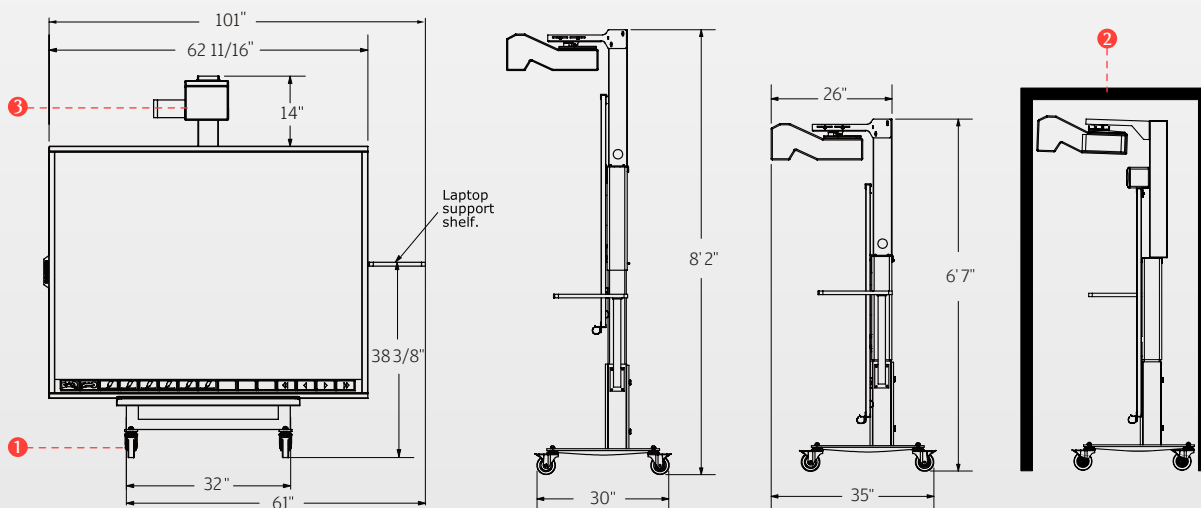

Maximising Interactive Whiteboard ROI with Mobility

Actis Mobile Whiteboard Stand, allows you to integrate your whiteboard and projector into one mobile, adjustable unit. You can now turn any space into an interactive learning space quickly with this stand. Just press a button to drop the height or roll through any standard size doorway.

MWS-100
